

GOING OUT OF BUSINESS SALE!

With the publication of volume 30, no. 4 (Taxonomic Index to Volumes 21-30), *Tulane Studies in Geology and Paleontology* will cease publication. At this time all numbers are still in print, although a few are becoming scarce. As a special offer, as long as they are available, we will sell a complete set of volumes 1-30 at one-half the list price or \$244. Single issues will continue to be sold at list price (inasmuch as it costs over \$1.00 to mail one copy!) We do ask foreign orders to add \$20 toward the postage.
